

Social and Emotional Development with Build Me “Emotions”

Encourage preschoolers to explore emotions and physical characteristics in a fun and inspiring way. Your early learners will work together to build different characters – learning to recognize and understand emotions and identify similarities and differences in the process.

Subject	Social and Emotional Development
Teachers	Preschool teachers
Duration	4 hours including breaks
Content of the course	<p>Led by a certified LEGO® Education Academy trainer, this program will give you a basic understanding of how to implement and use the Build Me “Emotions” LEGO DUPLO® solution. You will experience how you can help children develop social and emotional skills, such as recognizing and understanding emotions, developing empathy, handling conflicts and much more, all through fun and engaging character building experiences.</p> <p>Furthermore, it will give you a fundamental introduction to the LEGO Education approach to learning and what we mean by <i>Learning through Play</i>.</p> <p>Then, we will kickstart your own lesson planning together so you will end the training inspired to use Build Me “Emotions” in your own teaching.</p>

Learning outcome	<ul style="list-style-type: none"> • Understand the LEGO Education approach to learning • Understand the Learning through Play approach • Understand how to teach using Build Me “Emotions” • Lesson planning with Build Me “Emotions”
