

Make a Life Hack

Maker Connect

Homework. Chores. Bedtime. Mealtimes. What could make life less ho-hum, and more fun? Life hacks can!

Life hacks are the original inventions! People have always been making things to improve how we live and do things. Life hacks are inventions that you can make yourself by remaking everyday objects and materials in new ways. Some life hacks are old tricks or shortcuts. Some life hacks are tools to fix something and some can help you to be more organised in a fun way. In this lesson you will create an invention to help solve one of the little problems in your life at home, school or play!

Look at the photos and think about these questions.

- What questions do you have?
- What ideas do you have?
- What can you make?
- Can you make your own life hack?
